

Our New School Pet

_____ and _____ have found a great new school pet: Sam, a shark from the nearest aquarium.
1st student **2nd student**

And they have the perfect place to keep him: the secret underground pool at your school that none of you knew about. It's a lot of work to take care of a shark, so they need help!

1. _____ bravely looks into Sam's mouth to count the teeth. The shark has 4 rows of 20 teeth.
1st student

How many teeth is that?

2. _____ feeds Sam 5 pails of _____ _____ food. If there are 50 pieces of _____ in
2nd student **color** **food** **same food**
 each pail, how many pieces are there in total?

3. To test the water, _____ jumps in wearing _____. The water is too warm.
3rd student **another color** **item of clothing**

So _____ dumps in 9 buckets of ice, each with 90 ice cubes. How many cubes went into the pool?
4th student

4. _____, forgetting that Sam is a shark, wants to race Sam. _____ swims 6 laps that take
2nd student **2nd student**
 40 seconds each. Sam swims 7 laps that take 30 seconds each. Who swam for longer?
