

## Our Own Legoland

Our school is building its own Legoland! \_\_\_\_\_ and \_\_\_\_\_ are making a giant zoo of \_\_\_\_\_  
 \_\_\_\_\_ **1<sup>st</sup> student** \_\_\_\_\_ **2<sup>nd</sup> student** \_\_\_\_\_ **1<sup>st</sup> animal**  
 and \_\_\_\_\_ s. \_\_\_\_\_ and \_\_\_\_\_ build vehicles to drive them around. Whose creation will need  
 \_\_\_\_\_ **2<sup>nd</sup> animal** \_\_\_\_\_ **3<sup>rd</sup> student** \_\_\_\_\_ **4<sup>th</sup> student**  
 the most pieces?

1. \_\_\_\_\_ uses 313 pieces to make a \_\_\_\_\_'s \_\_\_\_\_  
 \_\_\_\_\_ **1<sup>st</sup> student** \_\_\_\_\_ **1<sup>st</sup> color** \_\_\_\_\_ **1<sup>st</sup> animal** \_\_\_\_\_ **2<sup>nd</sup> student** \_\_\_\_\_ **2<sup>nd</sup> color**  
 \_\_\_\_\_ uses 294 pieces. Whose zoo animal used more?  
 \_\_\_\_\_ **2<sup>nd</sup> animal**

---

2. \_\_\_\_\_ builds a 302-piece \_\_\_\_\_ to carry the animals across "town."  
 \_\_\_\_\_ **3<sup>rd</sup> student** \_\_\_\_\_ **3<sup>rd</sup> color** \_\_\_\_\_ **type of vehicle**  
 Does that use more or fewer pieces than each animal?

---

3. \_\_\_\_\_ loves anything \_\_\_\_\_, and hogs all 657 \_\_\_\_\_ pieces. \_\_\_\_\_ gets  
 \_\_\_\_\_ **4<sup>th</sup> student** \_\_\_\_\_ **4<sup>th</sup> color** \_\_\_\_\_ **4<sup>th</sup> color** \_\_\_\_\_ **3<sup>rd</sup> student**  
 nervous and grabs 576 \_\_\_\_\_ pieces. Who took fewer pieces?  
 \_\_\_\_\_ **3<sup>rd</sup> color**

---

4. That's nice – \_\_\_\_\_ makes a 189-piece \_\_\_\_\_ tail for \_\_\_\_\_'s \_\_\_\_\_.  
 \_\_\_\_\_ **4<sup>th</sup> student** \_\_\_\_\_ **4<sup>th</sup> color** \_\_\_\_\_ **1<sup>st</sup> student** \_\_\_\_\_ **1<sup>st</sup> animal**  
 Does that use more or fewer pieces than \_\_\_\_\_'s 208-piece \_\_\_\_\_?  
 \_\_\_\_\_ **2<sup>nd</sup> student** \_\_\_\_\_ **2<sup>nd</sup> animal**

---
