

Pep Rally

You all have a new basketball team, and _____ wants to be the mascot! What animal should it be?

_____ wants to dress up as a _____ . _____ has a better idea: dress up as a _____

_____. Which mascot will get the most cheers?

1. _____ can do 10 cartwheels in 27.2 seconds. _____ can do them in just 0.95 seconds of that time, even while dressed as a _____ . How fast can _____ do 10 cartwheels?

2. The crowd wants the mascot to dunk a basketball! _____ can jump 18.3 inches. No way - _____ runs in dressed as a _____ and jumps 2.4 times as high! How high does _____ jump?

3. All three mascots run across the court to hug the coach. It's hard to run wearing a _____ or _____ costume, though. _____ takes 15.8 seconds, and _____ takes 23.2 seconds. _____'s time is halfway between. How fast did _____ get there?

4. Never mind - _____ runs in dressed as a _____ . The crowd goes wild! They buy \$1,544.40 of _____-shaped soft pretzels. If that buys 312 pretzels, how much does a pretzel cost?
